Illustrative example for calculation of Late Payment Charge:

In the example below, consider the billing cycle is 1st of the calendar month - end of the month. Statements are generated on the 1st and are due on the 15th of every month. There is no outstanding at the start of the following cycle.

Date	Details
2 March, 2023	Transaction of ₹10000
1 April, 2023	Statement generated <ul style="list-style-type: none"> Total Amount Due: ₹10,000 Minimum Amount Due: ₹ 500
15 April, 2023	Payment due <ul style="list-style-type: none"> Total Amount Due: ₹10,000 Minimum Amount Due: ₹500
21 April 2023	Payment of ₹ 2000 made
1 May 2023	Late payment charge of ₹ 200 applied
1 May 2023	GST of ₹ 36 on the Late Payment Charge added to bill

Note: Late Payment Charge is not applicable when the total outstanding is less than ₹500.

Interest Charges

- Interest will be charged if the Total Amount Due (“**TAD**”) is not paid by the payment due date. Interest will be charged on the outstanding amount due and on all new transactions (from the transaction date) till such time as the total amount due is paid in full.
- The following example shows how interest is calculated. In the table given below, it has been assumed that the Total Amount Due (“**TAD**”) of the previous month’s statement has been paid by the payment due date and there is no outstanding amount. The statement generation date is the 1st. Given these assumptions, interest will be calculated as shown:

Date	Details
5 March, 2023	Transaction of ₹10,000
27 March, 2023	Transaction of ₹5000
1 April, 2023	Statement generated <ul style="list-style-type: none"> • Total Amount Due: ₹15,000 • Minimum Amount Due: ₹750
15 April, 2023	Payment due <ul style="list-style-type: none"> • Total Amount Due: ₹15,000 • Minimum Amount Due: ₹750
19 April, 2023	Transaction of ₹1000
21 April 2023	Payment of ₹2000 made

4. On statement dated 1 May 2023, the following interest charges will be levied. Interest is calculated using the following formula:

Outstanding transaction amount * Number of days since transaction * (Interest rate x 12 months) / 365

Details	Reason	Amount	Calculation
Interest on ₹10,000 for 47 days (from Mar 5 to Apr 20)	Interest on entire transaction amount from transaction date till the date of payment	₹579.45	$(10000 \times 47 \times (3.75\% \times 12)) / 365$
Interest on ₹8,000 for 10 days (from Apr 21 to Apr 30)	Interest on outstanding transaction amount from the date of payment till the next statement date	₹98.63	$(8000 \times 10 \times (3.75\% \times 12)) / 365$
Interest on ₹5,000 for 35 days (from Mar 27 to Apr 30)	Interest on entire transaction amount till the next statement date	₹431.51	$(10000 \times 35 \times (3.75\% \times 12)) / 365$
Interest on ₹1,000 for 12 days (from Apr 19 to Apr 30)	Since TAD has not been paid, interest free period doesn't apply on this transaction Interest on entire transaction amount till the next statement date	₹14.79	$(1000 \times 12 \times (3.75\% \times 12)) / 365$

Total Interest Payable	Sum of all the above charges	₹1124.38	(₹579.45 + ₹98.63 + ₹431.51 + ₹14.79)
GST in applicable on interest charges	GST is applicable on all fees, interest, surcharge and other charges	₹202.39	18% x ₹1124.38

Note: These illustrations are meant to be indicative and to show how interest is calculated and charged.

Interest Free Period

The interest free period could range from 13 to 47 days.

Example for the calculation of interest free period:

For a statement for the period from May 1, 2023 to May 31, 2023 the payment due date would be Jun 15, 2023. Assuming that the cardholder has paid the Total Amount Due of the previous month statement by the payment due date, the grace period would be:

1. For a purchase dated May 2, 2023, the interest-free grace period is from May 2, 2023 to June 15, 2023, i.e. 45 days.
2. For a purchase dated May 30, 2023, the interest-free grace period is from May 30, 2023 to June 15, 2023, i.e. 17 days.

Thus, the grace period can vary depending upon the date of purchase.

Note: If the Total Amount Due is not paid by the payment due date, then there will be no interest free period. There is an additional three-day period (as mandated by the Reserve Bank India “RBI”) post

the payment due date during which if the Cardholder makes a payment, they will not be charged late payment or interest charges.

Forex Markup Fee

If a transaction is made in a currency other than Indian Rupees, that transaction will be converted into Indian Rupees. The conversion will take place on the date the transaction is settled which may not be the same date on which the transaction was made.

If the transaction is not in USD (US Dollars), the amount will first be converted to USD, and then the USD amount will be converted to INR as per the rate provided by VISA. On this amount, a forex markup fee will be levied, and GST will be applicable on the markup fee.

If this transaction is reversed, both the markup fee and GST charges will be refunded. In case of a refund, however, only the transaction amount will be refunded in INR as per the conversion rate applicable on the date of refund.

A forex markup fee will also be levied in case of an Indian Rupee (INR) transaction done at a merchant or payment gateway that is based out of India.

Credit Limit and Available Credit Limit

Cardholder's Credit Limit will be communicated to them at the time of card issuance. This will also be mentioned in the monthly statements.

Available credit limit is calculated by deducting the utilised limit from the Total Credit Limit. "Available Credit Limit" is the limit up to which a cardholder can make purchases.

Cardholders may be entitled to apply for an enhancement of the Credit after 12 months from the date of card issuance. Federal Bank also reserves the right to recommend a Credit Limit increase to the Cardholders based on their Edge-Federal Card usage, in the Jupiter app. This recommendation and its associated terms and conditions will be made available for the Cardholder to consider before accepting the recommendation.

Once the Cardholder has read and agrees to the Terms related to Credit Limit increase displayed inside the Jupiter app and provide their consent to increase the limit, their Credit Limit will be enhanced.

Cardholder's acceptance of the limit increase recommendation where they specifically validate the limit increase and agree to the terms will be treated as a consent. The Bank or its authorised third-party service provider, will keep the digital records of such consent and will treat it as proof of consent in case of any dispute arising later on account of limit increase.

The Federal Bank will review the Cardholder's account periodically and reserve the right to decrease their credit limit based on their transaction patterns, payment behaviour and other internal criteria. This will be informed to the Cardholder via the Jupiter app and/or via email and SMS.

2. Billing statements

The Cardholder's billing statement will be generated every month. It will contain a break-up of all purchases, payments, fees, interest charges, refunds and taxes.

In case the card was not used in a month, the statement will mention there were no spends in that month. Jupiter App also has an option to view and download the statement in PDF format. The Cardholder will also be sent a PDF copy of their monthly statement on their registered email address.

The Cardholder shall, however, review the statement from time to time on Jupiter in order to stay updated on the statement.

Only settled transactions will be included in the monthly statement. In case a transaction done in a particular cycle has not been settled by the time of statement generation, it will be included in the next cycle. As per the Network Partner guidelines, merchants are given up to a maximum of 10 days to settle domestic transactions and 15 days to settle international transactions.

In case a transaction is not settled in this timeframe, the transaction amount will be refunded to the Cardholder. After this, in case of late presentment of the transaction for up to 45 days from date of transaction, they can be charged again and their available limit reduced accordingly.

Any transactions on which a dispute has been raised, will not be included in the monthly statement.

3. Minimum Amount Due

The Cardholder will need to pay at least the Minimum Amount Due by the Payment Due Date as indicated in the monthly statement. If they have paid the Minimum Amount Due, they will be liable to pay interest only on the outstanding amount and can continue to earn and redeem rewards.

Minimum Amount Due stated in the monthly statement shall be calculated as per the following formula:

5% of the total amount due (reduced by any amount that has been credited and/ or refunded and/ or repaid by the Cardholder and/ or waived off by Jupiter before the payment due date)
+
EMI amount billed for the month
+
100% of any fees, interest, charges and taxes

If the minimum amount due is less than ₹500, the Cardholder will be charged ₹500 as the minimum amount due. If the total amount due is less than ₹500 then the total amount due value becomes the minimum amount due.

4. Payment knock-off order:

When the Cardholder makes a payment, it is adjusted in this order:

- Taxes
- Fees
- Interest
- Purchases

Furthermore, purchase amounts are knocked off starting with the earliest transaction date.

5. How Refunds/Reversals/Waivers/Chargebacks impact the statement

The Cardholder must pay for the transactions billed in the Edge-Federal Card statement to avoid any additional charges being levied. However, if they receive any incoming transactions (refunds, reversals, waivers or chargebacks) before having cleared the bill, these transactions will first offset the total amount due of the last statement.

If there is no billed amount due, this amount will be adjusted against their current outstanding.

If there are no outstanding dues on the card, we will adjust incoming transactions only up to ₹5000 or 1% of the Cardholder's Credit Limit (whichever is lower), and any excess balance will be refunded to their specified bank account.

6. Method of payment

The Cardholder can pay the outstanding dues from the Jupiter app using the following modes:

- Auto-debit from their Federal bank account. This auto-debit will be initiated at 10 AM on the payment due date
- Bank transfer from their Federal bank account or another other Registered Bank Account.
- UPI payments (up to ₹2 lakh) from any VPA added to the Jupiter App.

- Via debit card and net banking of any bank account using a unique payment link sent to the Cardholder via SMS and email.

Federal Bank have the right to add/remove any methods of payment at any time.

7. Billing disputes resolution

All the contents of the statement will be deemed to be correct and accepted if the Cardholder does not inform us of any discrepancies within 30 days of the statement generation date. In the event of billing disputes/discrepancies, we shall investigate and confirm the liability for such transactions.

For any disputes which result in a chargeback being raised, we may offer a temporary credit during the period of investigation, which may be reversed along with applicable charges subject to outcome of the investigation.

Any GST levied will not be reversed in any dispute on fees and charges or interest.
